

SPARK TANK 2023

December 17th, Eilat Israel

Eilat-Eliot Conference

SPARK TANK Sponsorship Package:

Are you interested in becoming an investor in the blossoming Israeli energy-tech sector? Join us at the 10th Eilat-Eilot Renewable Energy Conference 2023's premier investment event - Spark Tank.

Four investors will hear from 8 handpicked energy tech startups and have the opportunity to invest and grow them into the next unicorns in the field.

Our SPARK TANK event is just one element of our larger 2-day renewable energy conference. The conference brings together a diverse range of industry professionals, innovators, and policy makers for informative sessions and engaging discussions around the latest trends and developments in renewable energy.

-
- The submission for the startups will be available on the website Eilat-Eilot Renewable Energy Conference website on June 30.
 - Up to 8 entrepreneurs with energy-related pilot projects will be chosen to participate in the event. The entrepreneurs will be chosen based on the maturity of their technology, with preference given to technologies at the Technology Readiness Level (TRL 5) or higher.
 - Prior to the event, the four potential investors will be given a list of 8 selected startups and entrepreneurs with energy-related projects, and a brief description of their business.
 - The pitch competition will take place on Sunday, December 17th at 16:00 PM. The event will consist of 2 sessions, in which the pre-selected entrepreneurs will pitch their energy-related pilots to the panel of investors.
 - During the event, the 8 startups will pitch their projects. Following each pitch, each investor will publicly share their opinion on the project and may offer to invest in the startup or fund it in another manner.
